Dear Dr. Koenigsberg,

On behalf of the Alpha Omega-Henry Schein Cares Holocaust Survivors Oral Health Program, thank you very much for participating in this critically important endeavor and providing necessary oral care to this most deserving population.

Approximately one-third of the 80,000 Holocaust survivors in the United States are living at the poverty level compared to 9% of the general population of the same age group. Alpha Omega and Henry Schein answered the White House's call to action to help survivors age with dignity and support. Participating patients are the most economically vulnerable victims of Nazi persecution who lack dental coverage and are referred by the local social service agencies based on the Program's criteria.

Enclosed please find two Certificates of Appreciation, one for Gallery 57 Dental and one for yourself. I hope that you will display them proudly. It is because of such participation that we are able to treat survivors in need.

With sincere gratitude,

Bernice Edelstein
Program Manager
